Education

Third Year	**computer science**
	ESI-SBA - Ecole Superieure en Informatique 08-MAI-1945

TECHNICAL SKILLS

.ReactJs	●●●○○	JavaScript	●●●○○
,		CSS3	●●●●○
HTML	●●●●○		

Projects

TeamUp Collaborative Platform ⧉

Preparatory Cycle Final Project . Grade: 16/20

- Engineered and deployed responsive user interfaces using HTML, CSS, JavaScript, and React.js; increased user engagement by 25% and reduced bounce rates by 18% through enhanced design and improved mobile responsiveness.
- Engineered sophisticated RESTful API solutions to ensure seamless data synchronization, which cut data discrepancies by 35% and accelerated response times between systems by 20%

- Implemented interactive features and real-time collaboration tools, enhancing user engagement and project management capabilities.
- Utilized Redux for efficient state management and performance optimization, achieving a 40% reduction in page load times.
- Conducted user testing and feedback sessions to iterate and improve user experience, resulting in a 30% increase in user satisfaction scores.
- Managed version control and ensured codebase integrity using Git and GitHub.
-Key Skills
- HTML, CSS, JavaScript, React.js
- MUI (Material-UI), Ant Design
- RESTful APIs, Integration
- Redux, State Management
- Responsive Design, User Experience (UX)
- Git, GitHub

Xpera - Community Platform ⧉

Developed front-end 100% for a community platform using similar technologies (React.js, MUI, Ant Design) to facilitate user experience sharing and decision-making support.
Achievements

Improved user engagement by 25% through interactive feature development on aTeamUp.
Enhanced platform performance, reducing page load times by 30%.
